

Dear Commissioners:

Stop hidden phone fees so I can truly compare prices of phone services. I support the petition filed by the National Association of State Utility Consumer Advocates and endorsed by other consumer advocacy organizations. CG Docket No. 04-208, Petition for Declaratory Ruling Regarding Truth-In-Billing and Billing Format, is long overdue.

Phone bills should be truthful and easy to understand.

Dear FCC,

Stop the madness of outrageous charges that you put on our phone bills because of your wrong doings. It's not proper and it's ridiculous to your consuming of unfairness. Where's the truth at in this crazy situation? Your actions are frustrating and cruel to do such a thing to God's nation and his bills. Respect his land and creation. Save the victims in your crime by doing the right thing by stopping this and being a hero. That's what's important correct. Think about it. Make phone bills to be truthful, understanding, and more clear to God's people. May God bless our bills to be honest and respectful. May God bring peace to our bills and you to do the right thing. Amen.

Because this practice is tolerated by the FCC, long distance and wireless phone companies are able to hide the true cost of service. These add-ons make the advertised price of service significantly less than the amount of the check I have to write each month to pay the bill. Competition will not work if consumers cannot accurately compare prices when shopping for service.

Many states are stepping up to address this problem. They should be allowed to proceed. However, the FCC shouldn't shirk its responsibility, nor limit states from doing more.

The FCC should immediately grant the NASUCA petition to investigate billing practices, and prohibit phone and wireless companies from imposing separate monthly fees, line items or surcharges unless expressly mandated by law or the charge is expressly authorized by a governmental authority.
